1. On Friday, November 8, Intervenors South Carolina State Conference of the NAACP, South Carolina Coastal Conservation League, and Southern Alliance for Clean Energy (collectively, “Efficiency Intervenors”) served opposing counsel and the hearing officer with comments in the above captioned docket, but were unable to electronically file those comments with the Public Service Commission (“Commission”).

2. Those comments were received by the Commission’s e-filing system today, Tuesday, November 12.

3. After serving the Comments last Friday, some developments achieved over the last year came to the undersigned’s attention. Because these developments are not reflected in the Comments currently filed, the Comments do not provide the Commission with all of the relevant information Efficiency Intervenors intended to present for Commission consideration.

4. In order to provide comments that are fully reflective of the collaboration that has occurred with Duke Energy Progress (“DEP”) and other stakeholders in the

North and South Carolina Collaborative, Efficiency Intervenors request permission to withdraw the Comments received by the Commission today and for leave to file revised Comments on or before November 18, 2019, with a corresponding extension of time for DEP to file its responsive comments.

5. Undersigned has consulted with counsel for DEP and the Office of Regulatory Counsel as well as counsel for the other intervenors in this docket, and no party has objected to the relief requested.

Respectfully submitted this 12th day of November, 2019.
